^{*} Pursuant to K.S.A. 2-1202 and K.S.A. 2-1205, the State of Kansas cannot require you to report tonnage sold or distributed directly to fertilizer manufacturers or mixers, however; in order to verify the tonnage for which you are not paying the inspection fees we ask that you provide the requested information. Without the information on the tonnage sold or distributed we will hold the registrant accountable for the corresponding inspection fees.
